## GOVERNMENT OF GOA, DAMAN AND DIU

### GOVERNMENT OF INDIA

Ministry of Petroleum, Chemicals, Mines and Metals

(Department of Mines and Metals)

Office of the Controller of Mining Leases

Order

CML-(Z-381, 383)/70-G

Under the Mines and Minerals (Regulation and Development) Act, 1957 and the Rules made thereunder.

This is a case for modification of the terms and conditions of the undermentioned mining leases of Oxide of Iron and Manganese held by Shri Pundollica Purxotoma Kete Narvenkar, so as to bring these leases into conformity with the provisions of the Mines and Minerals (Regulation and Development) Act, 1957 (hereinafter called the 1957 Act), and the Rules made thereunder.

| Case No. | Number and date of title | Mineral                     | Name of the mine    | Area in hectares |
|----------|--------------------------|-----------------------------|---------------------|------------------|
| Z-381    | 128 of 1953-A            | Oxide of Iron and Manganese | Gorbata e ter. adj. | 44.7750          |
| Z-383    | 128 of 1953-B            | Oxide of Iron and Manganese | Gorbata e ter. adj. | 44.7750          |

Notices were served on the lessee, in accordance with the aforesaid Rules, in which the proposed modifications were conveyed to him.

After carefully reviewing and examining all the documents produced by the lessee and the arguments advanced by him, it is hereby ordered that the leases in question, stands modified as follows:

1. The period of the leases shall be twenty years commencing from the 15th January, 1966, in all the cases.

2. The dead rent shall be payable as specified in the Schedule below:—

| Period of the mining lease  | Rate of the dead rent per hectare |
|-----------------------------|-----------------------------------|
| 1. 1st year                 | Nil                               |
| 2. 2nd year to the 5th year | Rs. 12-50                         |
| 3. 6th year to 10th year    | Rs. 25-00                         |
| 4. 11th year onwards        | Rs. 37-50                         |

(a) Those leases which are in operation for less than one year as on 1-4-68 enjoy the benefit of «nil» dead rent for the balance period to make up one year in all and thereafter are charged at the rate of Rs. 12-50 per hectare for four more years, after which they shall be liable to pay at the rate of

Rs. 25-00 per hectare for next five years and at the rate of Rs. 37-50 per hectare thereafter, and

(b) Those leases which are in operation for more than one year as on 1-4-68 should have the benefit of dead rent at the rate of Rs. 12-50 per hectare for four more years after which they may be called upon to pay at the rate of Rs. 25-00 per hectare for next 5 years and at the rate of Rs. 37-50 per hectare thereafter.

3. The royalty shall be payable in respect of any mineral removed by the lessee from the leased area after 15-1-66 at the rate for the time being specified in the Second Schedule of the 1957 Act, in respect of that mineral.

4. It is further clarified that the royalty shall be paid in accordance with Section 9 of the 1957 Act, instead of according to the stipulations in the lease deeds. The royalty, the dead rent, surface rent, etc. for the period prior to 15-1-66 shall be paid as may be determined or ordered by the Government.

5. The lessee shall also pay, for the surface area used by him for the purpose of mining operations, surface rent and water rate at such rate, not exceeding the land revenue, water and cesses assessable on the land, as may be specified by the State Government.

6. The total area, covered by all the above mentioned leases, is within the limit specified in the 1957 Act and hence requires no modifications.

7. The following clause shall be deemed to be inserted in the aforesaid lease deeds and shall form part thereof:

“except for the modifications made by this order, the lease shall be subject to the rules made or deemed to have been made under Section 13 and 18 of the Mines and Minerals (Regulation and Development) Act, 1957 and orders and Notifications published by the Government of India, from time to time”.

This order shall be published in the Official Gazette of the Government of Goa, Daman and Diu and copies thereof sent to the lessee and to the State Government. Copy each of this Order shall be placed in all the respective case-files.

The reasons for this Order have been embodied in the case-files and a copy each shall be forwarded to the lessee and the State Government.

G. V. D. Upadhyaya, Controller of Mining Leases.

Dated 28th May, 1970.

Order

CML-(Z-522)/70-G

Under the Mines and Minerals (Regulation and Development) Act, 1957 and the Rules made thereunder.

This is a case for modification of the terms and conditions of the undermentioned mining lease of Oxide of Iron held by M/s. Shantilal Khushaldas & Bros. Pvt., Ltd., so as to bring the lease into conformity with the provisions of the Mines and Minerals (Regulation and Development) Act, 1957 (hereinafter called the 1957 Act), and the Rules made thereunder.

Sir,

Sub.: Pricing of Petroleum Products.

I am directed to invite your attention to this Ministry's Resolution No. 101(22)/68PPD dated 14-6-68 relating to the setting up of the Oil Prices Committee to advise on the manner of determining the ceiling selling prices, ex-com-

panies' storage points, of various petroleum products, to be applied in the future, and to examine and report on other matters set out therein.

2. I enclose herewith four copies each of the Report of the Committee dated the 31st October, 1969, and the Resolution No. 1/78/69-PPD dated 11th May, 1970 of the Government of India, on the subject, and to say that it has been decided to implement the recommendations in the report with effect from 1st June, 1970 subject to the following modifications:

- (a) The basic ceiling selling prices of Bulk Refined Petroleum Products (excluding Bitumen grades) and landed prices of imported products, where applicable, will be calculated at the lowest of Platt's posted f.o.b. prices Ex-Bandar Mah-Shahr as on 26-3-69 with discount of 4% applied thereon.
- (b) Marine freight for Bulk Refined Petroleum Products (Excluding Bitumen grades) will be the rate applicable to General Purpose vessels as per Intascale (with AFRA variations) applicable in June, 1969.
- (c) For Bitumen grades, the derived f.o.b. price as on 18th May, 1965, ex-Abadan appropriately increased to neutralise the effect of the devaluation of pound sterling in November, 1967, will be deemed to be the posted f.o.b. price to which a discount of 4% will be applied. Marine freight on Bitumen grades will be calculated at the rate applicable to Medium Range vessels in June, 1969 with the premium as recommended by the Oil Prices Committee.
- (d) Variations in the net f.o.b. prices calculated on the above basis, will not be allowed unless specifically authorised by Government for good and valid reasons referred to in the succeeding para.
- (e) Henceforth variations in Marine freight (on the basis of monthly AFRA'S) and wharfage rates on imports of crude oil (instead of petroleum products as hitherto) which is actually used in manufacturing Bulk Refined Products (including Naphtha) and Bitumen Grades, and variations in net f.o.b. prices of these products (when authorised by Government) will be reflected in the C&F Adjustment Account. This Account will continue to be maintained as heretofore, subject to such modifications in the maintenance and submission thereof as may be prescribed from time to time by Government. The variations will be related to marine freight as applicable in June, 1969. While doing so, the actual capacity of the relevant port to receive crude oil tankers will be kept in view. In the case of oil companies using indigenous crude, such variations will be admissible on a national basis. However, in the case of imports of petroleum products, such variations will be allowed to be recovered to the extent of a actuals.

3. Further reductions in the prices of Middle East crude will be reflected by way of additional discounts on posted f.o.b. prices of petroleum products, if and when Government deem it appropriate.

4. (a) For the pricing of Bulk Refined Products (including Naphtha) and Bitumen Grades, the inland refineries shall become pricing points in addition to the eight main ports, already deemed as such, and the supply areas will be redrawn. The resultant under recoveries of freight from authorised out-of-zone movements as well as coastal movements of these products excluding Bitumen Grades shall be reimbursed to the oil companies through the levy of a surcharge on an all-India basis. The details of the scheme for reimbursement will be intimated separately. For the present, this rate has been fixed at Rs. 10 per KL on a provisional basis. Such a surcharge will not apply to aviation gasolines of all grades, Bitumen grades, Lubricants and Greases. Lubricants and greases are not covered by this scheme.

(b) The surcharge on Naphtha will be Rs. 10/- per M. T. and a separate account will be maintained for the collection of surcharge on this product and the freight under-recoveries thereon.

(c) Reimbursement of any other legitimate under-recovery from the proposed surcharge pool may be authorised by Government subsequently.

5. It has been decided to accept the recommendation of the OPC on marketing and distribution charges and profit margins.

6. As recommended by the OPC, the prices will be re-calculated in the manner indicated in para 23.4. of the Report of O.P.C. The rates of duty and wharfage as on 1st April, 1970 have been taken into account.

7. Notwithstanding the foregoing;

(a) the basic ceiling selling prices of aviation gasolenes of all grades and ATF will continue to remain at the same level as on 1-5-1970 except for variations authorised by Government. The consequent under-realisation in respect of ATF, inclusive of freight surcharge (at Rs. 10 per KL), has been compensated through the enhanced price of Furnace Oil;

(b) the pricing of Naphtha used for the manufacture of approved products, such as fertilizers, will be on the lines suggested by O. P. C.

8. The existing system of «Block Control» on marketing and distribution charges and profit in respect of Lubricants and greases will be continued, for the present, at the following selling rates vide para 13.13 of the O. P. C. Report.

|                      | Rs/KL  |
|----------------------|--------|
| i) Marketing charges | 84.12  |
| ii) Profit           | 23.60  |
| Total:               | 107.72 |

This is subject to the condition that the selling prices of Lubricants and Greases will not be increased from the levels existing on 1-5-1970 without the specific approval of Government.

9. On the method of control to be exercised on the prices of finished lubricants as well as lube base stocks, the decisions of Government will be communicated in due course after the receipt of the supplemental report of the Oil Prices Committee on the subject.

10. It has been decided to accept the recommendation of the Committee to exclude the Specialities mentioned in para 13.17 of its Report from the purview of Block Control. However (i) the price of M.T.O. and J.B.O. ex-companies' storage points at main ports would continue at the level prevailing on 1-5-1970 as recommended by the Committee, (ii) the pricing of RFO will be on the same basis as LSHS, (iii) the price of Tea Drier Oil will be equated with that of furnace oil, and this product will be excluded from the list of Specialities.

11. The dealers' commission on H.S.D. oil will continue at the existing rate.

12. It has been decided to accept the recommendation of the OPC that the concept of Free Delivery Zone currently applicable to M. S. and H. S. D. Oil should be extended to Furnace Oil also.

13. The packed/bulk differential in respect of 18.5 litre tins shall be Rs. 3.60 per tin subject to adjustment for any variation in the average all India price of tin plate adopted by the O.P.C. Vide Chapter 17.2 of its Report.

14. Packing cost for supplies of Bitumens will apply at the following rates:

| Cost of drums                        | Rs. M. T. |
|--------------------------------------|-----------|
| (i) Bitumen Straight Grade           | 171.40    |
| (ii) Bitumen Cutbacks                | 216.35    |
| (iii) Bitumen Cutbacks/ R. C. Grades | 216.35    |

The cost of drum sheets adopted in arriving at the figures quoted above is Rs. 2283.40 per M. T. of 24-G sheets, used for packing Straight grades, and Rs. 2070.30 per M. T. of 21-G sheets, used for packing cutback grades. Future variations in the cost of drums will be allowed on account of variations in the price of drum sheets, in accordance with para 25.2(vii) of the OPC report, subject to the modification that the price of drum sheet will, in future, be reckoned on the basis of the six-monthly weighted average delivered price in respect of the four major oil companies for indigenous as well as imported steel, instead of the delivered price of drum sheet to Burmah-Shell Refinery.

15. The statement of Basic Ceiling Selling prices recalculated on the lines outlined above in respect of Bulk Refined Products (including Naphtha) and Bitumens to be applied

from 1-6-1970 is enclosed. The prices of Bitumen grades in drums shown therein will be increased by:

(i) Rs. 17.57 per M. T. for St. Grades.

(ii) Rs. 22.90 per M. T. for Cutback grades.

on a provisional basis to meet the excise duty levied on metal containers. Regarding variations in the rates of additional (non recoverable) duties, a further letter will sent shortly.

16. The above mentioned pricing arrangement shall remain in force initially for a period of 3 years from 1-6-1970, and will be extended further at the discretion of Government.

17. Regarding the other recommendations of the Committee further communications will be sent in due course.

18. Please acknowledge receipt of this letter.

Yours faithfully,

Sd/-
